## Easily Convert & Share

Convert and share multimedia files to play on iPod®, PSP®, and upload online. Enjoy everything digital multimedia has to offer. Whether its music, photos, or videos, you can convert and share everything your imagination creates in your digital world.

- Convert your music, photos, and videos to DVD, CD or your portable devices and enjoy them on the go.
- Upload your coolest photos and videos to share with online communities like My Nero, YouTube™, and MySpace\*.
- Listen to your favorite web radio stations, subscribe to and download podcasts, and sync audio broadcasts to your iPod® or PSP®.
- Convert your old LPs and cassettes to MP3s and preserve them forever.

## Fully Experience Home Entertainment

Record, manage, playback, and fully enjoy your favorite TV shows.

Amazing TV experience from the comfort of your sofa gives you state-of-the-art TV technology, even for HDTV and DVB Radio.

- Pause, record, schedule, manage and playback your TV shows.
- Watch High Definition TV and use the PiP (“picture-in-picture”) mode for watching two channels at the same time.

- Stream High Definition video content, photo slideshows and your favorite music files to any UPnP™ or DLNA® compatible media players, including Xbox 360® and PlayStation® 3.
- Integrates into Windows Vista® Media Center. Works as single application in Windows® XP\*.
- Support for popular TV tuner cards including ATSC, DVB-T, DVB-C, DVB-S, DVB-S2 and simultaneously supports up to four tuners\*.

## Quickly Rip & Burn

Best in the World.

Ripping and burning capabilities integrated are the most reliable in the industry. Burn and copy to CD, DVD, and Blu-ray Disc – even copy movies\*. With DVD-R Dual Layer and DVD+R Double Layer support, you'll get more data on a disc than ever before!\*

- Easy ripping, burning and copying directly from Nero StartSmart.
- Give every disc your personal touch by customizing disc labels, covers and booklets.
- One-click disc copy with Nero DiscCopy Gadget – Optimized for Windows Vista®.

## Reliably Backup

Safely archive, protect, and manage your multimedia library for generations to come.

Don't lose your valuable memories and important files to life's potential hazards, or risky hardware. Backing up, securing, managing files and data is a point-and-click away.

- Safely guard your valuable data by backing up files, folders, drives, even entire systems to an internal or external drive.
- Backup all your precious data directly from the easy to use Nero StartSmart.
- Customized automatic functions, allowing for easy and convenient AutoBackup (offline or online\*).
- Schedule automatic backups to ensure your data is safe, even when you're away.
- Recover data on damaged discs with Nero RescueAgent.

\* Please Note: Free online activation required for full DVD, MPEG-2, MPEG-4, AVC, and related functionalities. Does not copy DVDs or other discs with copy protection. Blu-ray capabilities are subject to change, check [www.nero.com](http://www.nero.com) for updates. Blu-ray and SecurDisc technologies require compatible disc burning drives, special hardware and/or additional software. DVB-S/S2 currently works only on Windows Vista® and Windows® XP Media Center Edition 2005. Sharing content on MyNero, YouTube™, MySpace, and other online communities is subject to availability. Transcoding supports all popular formats for portable and mobile devices. Online backup requires subscription.

## System Requirements

### General System Requirements

- A DVD-ROM drive is required for installation
- Windows® XP with SP2 or SP3, Windows Vista® with SP1, Windows® XP Media Center Edition 2005 with SP2, Windows Server® 2003 with SP1
- Windows® XP and Windows Vista® 64 bit versions are supported in 32 bit emulation mode.
- Nero InCD only supported in 32 bit Windows®
- Nero DiscCopy Gadget and NeroLive Gadget only work in 32 bit emulation mode in the Sidebar under Windows Vista® 64 bit.
- Windows® Internet Explorer® 6.0 or higher
- 1 GHz Intel® Pentium® III or equivalent AMD and Intel® processors (2 GHz Intel® Pentium® 4 or equivalent AMD and Intel® processors for Windows Vista®), 256 MB RAM (512 MB RAM for Windows Vista®)
- 1.5 GB hard drive space for a typical installation of all components
- CD, DVD, or Blu-ray Disc recordable or rewritable drive for burning

- DirectX® 9.0c revision 30 (August 2006) or higher
- Up to 9 GB available hard drive space for DVD images and temporary DVD files
- Graphics card with at least 32 MB video memory and minimum resolution of 800 x 600 pixels and 16-bit color settings (24-bit or 32-bit true color is recommended)
- Installation of the latest WHQL certified device drivers is strongly recommended
- For the Nero Online services: Nero product registration, product updates, patent activation, Gracenote® services, Nero Online Backup and other features (such as photo sharing) an Internet connection is required. Nero recommends a broadband connection (DSL-1000 and higher or Internet connection with equivalent performance) for all Nero online services such as Nero Online Backup and Nero Video Services. Internet connection charges are the user's responsibility

### Note:

General System Requirements are the minimum requirements for basic functionality.

If you are interested in more advanced features like TV recording or real-time capturing and High Definition recording or authoring, the requirements will be greater. Please see our website [www.nero.com](http://www.nero.com) for more information.

## Simply Create, Rip, Burn, Copy, Share, Backup, Play, and Enjoy.

Get the most from your digital world without the hassle and headache of complex software. Nero's easy-to-use and powerful multimedia suite – Nero 9 – gives you the freedom to create, rip, burn, edit, share, and upload online. Whatever you want – music, video, photo, and data – share and enjoy with family and friends anytime, anywhere. Using the intuitive Nero StartSmart command center, your digital life has never been more flexible, feasible, and fun.

### Highlights

- Fast and easy rip, burn, auto backup, and copy functions
- Backup files to CDs, DVDs, and Blu-ray Discs\*
- Copy, burn, share, upload, and create music mixes like a DJ
- Quick photo and video upload to My Nero, YouTube™, and MySpace™\*
- Watch, record, pause, and customize your live TV experience

### Simply Create & Edit

Amaze everyone – even yourself – when you create and edit, music, videos and photo files into unique projects.

#### Music

Manage and play your favorite music titles, make your audio collection an MP3 library, listen to web radio, and enjoy your favorite music anywhere you go.

- One-click rip and burn features plus integrated Gracenote® MusicID® tracking information service makes creating MP3 files and MP4 audio files a snap with accurate song details, artist information, and album art.
- Browse media for playback, create playlists of your favorite audio tracks, shuffle and categorize tracks for easy reference. Transfer playlists to your MP3 player.
- Simply grab the sound of music videos and add it to your MP3 music library with Music Grabber.

#### Video

Get professional results in an easy-to-use video creation and editing tool. Insert 2D or 3D menu templates and enhance your videos by adding your favorite soundtrack.

- Capture video from HD camcorders and record projects to AVCHD and Blu-ray Discs\*. Save time with Smart Encoding for AVCHD.
- Use the Movie Wizard template library to create entertaining movies. Automatically integrates transitions, titles and matching music for entertaining home movies.
- Watch music videos without commercials using Ad Spotter to automatically cut ads out.

#### Photos

Make all your digital photos come to life. Share the stories of your life's most memorable moments.

- Browse photos in full screen and use editing tools to crop, rotate, adjust, and enhance photo quality.
- Create DVDs with photos and 3D menus and slideshows with effects, transitions, and music.
